OZONE FORECAST
CODE ORANGE ADVISORY
For Saturday, June 23, 2012
“Unhealthy for Sensitive Groups”

Memphis, TN. – In cooperation with the Arkansas Department of Environmental Quality (ADEQ); the Arkansas Department of Health (ADH); and the Mississippi Department of Environmental Quality (MDEQ), the Shelby County Health Department has issued a “*Code Orange Ozone Forecast*” for **Saturday, June 23, 2012 for the Memphis Metropolitan Area.** The Memphis Metropolitan Area includes Shelby County, Tennessee, Crittenden County, Arkansas, and DeSoto County, Mississippi. A “*Code Orange Ozone Advisory*” means that the ozone levels are forecast to exceed the 8-hour National Ambient Air Quality Standards (NAAQS). There will be 25-cent rides on MATA buses and trolleys tomorrow during the Ozone Action Day. Call 274-MATA, or visit www.matatransit.com for route information.

Pollutant: Ozone
Today's Forecast: **ORANGE ADVISORY**

Forecast AQI Index: 101 - 150

Quality: Unhealthy for Sensitive Groups

Ozone Reduction Tips:

- Refuel cars and mowers after 7:00 pm
- Carpool and combine daily errands
- Drive less during peak hours or hot days

Under existing Air Quality Index guidelines, the Department expects the ozone levels to reach the classification of “**Unhealthy for Sensitive Groups**”. *The forecast exceedance for tomorrow is expected as a result of stagnant conditions, increased temperatures, and decreased winds.*

Unhealthy for Sensitive Groups (Orange) (Advisory)	101 – 150	Active children and adults, and people with respiratory disease, such as asthma, should limit prolonged outdoor exertion.
