

**ARCpoint Labs Sponsoring Christmas Gala December 16
For WEST TENNESSEE VETERANS HOME Building Fund**

Maria Stevenson, owner of the ARCpoint Labs franchise in Cordova, has proudly announced the 1st Annual Christmas Gala to support the planned State Veterans Home to be built in Arlington, TN. Maria, a former member of the National Guard and daughter of a veteran, said when she heard the West Tennessee Veterans Home, Inc. organization was raising the local funds needed to build this facility she was convinced she had to help. And she expects this first Gala on December 16 to become an annual event to continue to support the planned skilled care facility for our local veterans.

Working on a short time frame Maria was able to arrange to use the magnificent and newly decorated Nineteenth Century Club mansion at 1433 Union Avenue as the venue for this worthwhile event. This historical building will reopen soon as one of Memphis' elegant restaurants in the pantheon of such well known restaurants like Chez Philippe and the old Justines. To be named Iazakaya, the Japanese/French restaurant will offer an extensive list of fine food and everything from steak to sushi.

Attendees of this event will be among the select first to view the \$3.7 million renovation that will house what is expected to become one of the most sought-after and magnificent restaurants in the entire region. Taking up two stories, every dining room and lounge has its own fireplace and the grand entry room houses a sushi bar with high-top tables. The central downstairs is ringed by several intimate dining rooms.

Tickets may be ordered online at EVENTBRITE.COM, \$75 single and \$125 couple. The gala will start at 7 and continue through midnight. Semi-formal, military are invited to wear dress blues. Hors d'oeuvres, sushi and food will be provided along with live music and a photographer. Afterparty to follow.

Proceeds for this event will go towards the West Tennessee State Veterans Home, Inc. building fund. This Gala is a unique opportunity to contribute to the State Veterans Home to be built and also be among the first to view this magnificent new restaurant and sample some of their exquisite fare. Tickets are limited and everyone is urged to reserve quickly.
