INDEPENDENT AUDITORS' REPORT

To the Chairman and Members
Shelby County Board of Commissioners and
the Mayor of Shelby County, Tennessee
Memphis, Tennessee

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Shelby County, Tennessee, as of and for the year ended June 30, 2007, which collectively comprise Shelby County, Tennessee's basic financial statements as listed in the table of contents. These financial statements are the responsibility of Shelby County, Tennessee's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Shelby County Health Care Corporation and Agricenter International, Inc. which represents \$171,514,675 and \$319,384,901, respectively, of the assets and revenues of the component units, and Shelby County Retirement System, which represents \$1,050,163,512 of the assets and 100% of the revenues of the fiduciary funds. Those financial statements were audited by other auditors whose reports thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for those component units and Shelby County Retirement Systems, is based on the report of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test, basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the report of other auditors provides a reasonable basis for our opinions.

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Shelby County, Tennessee, as of June 30, 2007, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 27, 2007 on our consideration of Shelby County, Tennessee's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The management's discussion and analysis on pages 13 through 27 and the budgetary comparison information on pages 96 through 98 are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We and the other auditors have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Shelby County, Tennessee's basic financial statements. The accompanying financial information listed as combining and other statements and schedules in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied by us and the other auditors in the audit of the basic financial statements and, in our opinion, based on our audit and the reports of other auditors, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The other budgetary comparison schedules as listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. We applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

The introductory section and statistical section as listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied by us and the other auditors in the audit of the basic financial statements and, accordingly, we express no opinion on them.
