

Loosahatchie River Watershed Event

Loosahatchie River

Hosted by:
Tennessee Department of Environment and Conservation—Division of Water Resources

Enter to win a free rain barrel!

The Loosahatchie River Watershed is 738 square miles and is located in parts of 5 counties, including Shelby, Fayette, and Tipton.

It is up to all of us to protect and improve the water resources where we live!

- **WHO:** Everyone!
- **WHAT:** A fun, interactive event for the public to learn about their watershed
- **WHEN:** Thursday, August 20th from 5:30—7:30 pm
- **WHERE:** Bon Lin Elementary School
3940 N Germantown Pkwy in Bartlett
- **WHY:** To learn about our water resources and how to protect them!

- **Door Prizes**
- **Hands on Exhibits**
- **Light Refreshments**

WHAT IS A WATERSHED? It's simply a land area that drains into a particular stream or lake. **EVERYONE** lives in a watershed! A healthy watershed is important because these waters supply water for agriculture, habitat for plants and animals as well as recreational opportunities like swimming, fishing and boating.

For additional information about this watershed meeting, please contact Heather Meadors at (901) 371-3031 or Heather.Meadors@tn.gov or visit <https://www.facebook.com/TDECWatershedManagement>
