

News Release

Shelby County Emergency Management & Homeland Security Agency

Director Brenda Jones

For Immediate Release

January 19, 2024

Water Giveaway in Shelby County!

The Shelby County Emergency Management & Homeland Security Agency, in conjunction with Memphis Light, Gas and Water, and the City of Memphis Office of Emergency Management will be hosting water giveaways at the following locations from 2:00 PM – 4:00 PM or until water supplies are depleted. Two (2) cases of water will be provided to each vehicle. For further information, please visit our website at www.staysafeshelby.us.

Memphis Light, Gas and Water has issued a precautionary boil water advisory for southeast and northwest parts of its service area. There are no reports of any impact on water quality, but per regulation, any time water pressure drops below 20 psi, a precautionary boil water advisory is required. Customers can check their address to confirm they are in the boil water advisory area at www.mlgw.com/boilwateralertmaps.

Customers should use bottled or boiled water for drinking, making ice, brushing teeth, washing dishes, and food preparation until further notice. Boiling kills bacteria and other organisms in the water. Bring water to a rapid boil, let it boil for one minute and then let it cool before using. Please use water from cold tap to boil.
