RE: Preliminary Public Notice – Proposed Expansion
North Memphis Landfill Class III – DML 79-0109

Dear Mayor Luttrell:

Enclosed for your information are: 1) a copy of the Preliminary Public Notice of Receipt of a Part I Application, and 2) a site map for the proposed permit modification for the above-referenced disposal facility.

We have requested that the notice and map be published in the Thursday, June 28, 2012 copy of The Daily News.

To inform interested persons in the area of this proposal, we request that the notice and map be posted upon receipt in the Shelby County Courthouse, and that they remain posted until you receive a Public Notice of the Division's tentative decision regarding the complete application. Copies of the notice and map have also been sent to the City of Memphis Mayor, requesting that they be posted in City Hall.

Should you have any questions, please write or call me at (615) 532-0072. We thank you for your service to the Division and to the community by making this information available to the public.

Sincerely,

Paul Evan Davis

NOTICE OF RECEIPT OF A PERMIT APPLICATION
FOR A SOLID WASTE DISPOSAL FACILITY

North Memphis Landfill, Inc. has applied to the Tennessee Department of Environment and Conservation (TDEC) Division of Solid Waste Management (DSWM) for a solid waste disposal facility permit modification to construct and operate a lateral expansion of the existing North Memphis Class III landfill, DML 79-0109. The facility is located in Shelby County, at 382 Klinke Road, Memphis, Tennessee (latitude 35°13'30" N/longitude 90°02'42" W). The waste materials to be accepted are classified as farming wastes, landscaping and land clearing wastes, construction/demolition waste, shredded automotive tires, and/or certain wastes having similar characteristics and approved in writing by the Department.

Under State law, the applicant must obtain a modification of the existing permit before constructing or operating the proposed facility extension. DSWM has received a Part I Permit Application indicating North Memphis Landfill's desire to obtain the required major permit modification.

A complete permit application consists of both a Part I and a Part II, as described in Regulations Governing Solid Waste Processing and Disposal Facilities in Tennessee, Rule 1200-1-7-.02(2)(c). Upon receipt of a complete Part I and Part II application, DSWM will do an in-depth review to determine if the application meets the technical standards of the Regulations described in Rule Chapter 1200-1-7-.04(9), Solid Waste Processing and Disposal. Once the technical review is completed, DSWM will make a tentative decision to either grant or to deny the permit and will issue a public notice of such decision. This second notice will provide the public at least 45 days to submit written comments on the proposed action and to request a public hearing (a public hearing may be announced in this second notice if there is already significant public interest). If there is a significant degree of public interest found following the publication of this second notice, a public hearing will be scheduled, and a public notice issued at least 15 days before the hearing. After considering all comments received, the DSWM Director shall issue a final permit decision and a response to comments.

Further information on this matter may be obtained by contacting the Division of Solid Waste Management at the TDEC Memphis Environmental Field Office, 8383 Wolf Lake Drive, Bartlett, Tennessee 38133-4119, telephone: 901-371-3000; or Mr. Marvin Frick, Manager, North Memphis Landfill, Inc., 382 Klinke Road, Memphis, Tennessee 38127, telephone: 901-358-9544.

Persons who wish to be on the Division of Solid Waste Management's mailing list should obtain a Mailing List Request form by calling or writing the Public Participation Officer, Division of Solid Waste Management, Tennessee Department of Environment and Conservation, 5th Floor, L & C Tower, 401 Church Street, Nashville TN 37243-1535, telephone: (615) 532-0798, email: solid.waste@tn.gov.

The Tennessee Department of Environment and Conservation is committed to principles of equal opportunity, equal access, and affirmative action.
