Regarding: Incident in the 4000 block of Rolling Green Drive in southeast Shelby County

This morning just before 9 o'clock, the Shelby County Fire Department dispatch office received a call about a gas leak at a home in the 4000 block of Rolling Green Dr.

Shelby County Fire Department Engine 62 arrived to find two adults in the backyard and an 18-year-old man and 10-year-old girl on the floor inside the home.

Firefighters took the two unconscious patients outside and assisted Rural Metro Paramedics who revived both of them.

The 10-year-old girl was transported to LeBonheur Children's Hospital. The other three people were taken to Methodist Germantown Hospital in stable condition.

Shelby County Fire Department investigators stayed at the house for several hours. They've now called in the Shelby County Sheriff's Office to handle the follow-up investigation.
